29 May 1957

Lockheed Aircraft Corporation
Burbank
California

Dear Hal:

In reply to your letter dated May 10, 1957, particularly paragraph 1 pertaining to your copy of the payroll for the period 3 February to 2 March, you are advised that for some reason or another your copy of the document failed to make the pouch and was forwarded along at a later date. You should have received it by this time, as it was mailed during the early part of the week ended May 25, 1957.

You undoubtedly have received a copy of my TWX to all field installations requesting that you be advised as to the financial status of each of your employees when they return to the continental United States and when they move between locations. I am sorry we did not have this plan into effect and hope that you have not been too inconvenienced by my lack of action in this respect.

In reply to your letter dated May 13, 1957, with respect to the type of information you propose to furnish with invoices under SP-1914, you are advised that this is entirely satisfactory and should permit us to effect prompt disbursements. I apologize for the confusion and the delays that we have caused you by reason of drawing checks to other than the proper recipient. I believe at this point records have been so adjusted to permit payments to be effected promptly and properly.

Very truly yours,

Doug
